

Leave it to us

Chase Moulande

Quality • Focused • Results

“I use Chase Moulande because I trust them to take my recruitment worries off my hands, and deliver on their commitment promptly and professionally.”

Beyond Expectations

At Chase Moulande we combine a unique proven process methodology with an in-depth knowledge of the markets we service and the relationships we have within them.

It comes from more than 25 years of experience advising and understanding our client's requirements from the outset so they can rest easy that they're in safe hands.

No-one has a better understanding of our markets. No-one has relationships with the quality of people like we do. No-one adds more value when providing your recruitment solution.

We're lean, we're effective and we deliver results.

Just leave it to us.

“I partner with Chase Moulande because I know they have the best contacts and reach in my industry, and they have a genuine passion for helping me find the best possible candidate that’s out there”

Our Services

Our Payroll recruitment division is the longest established of all our services, specialising in the industry since 1995, and providing temporary, contract and permanent staff across a full range of specialist roles for a variety of organisations.

We add value through our knowledge of the payroll market, and are able to advise on salary levels, job descriptions, the right interview questions you should be asking and much more.

Our range of service also expands into executive level search, psychometric testing, payroll training, and fully managed services.

Our Tools

We pride ourselves on our unique best practice process, a comprehensive multi-point plan which everyone here is trained in. By taking the time to listen, to understand and to tailor individual solutions to client needs, we can deliver on those requirements more efficiently and much more effectively.

Furthermore, our exclusive and extensive nationwide database of payroll contacts, constantly updated by a dedicated in-house team, means we can give your individual requirements a real local focus, whilst having the depth and reach of our entire UK talent pool.

As well as augmenting your resourcing strategy via exclusive advertising channels, our consultants also boast Certified Internet Resourcer qualifications (CIR) which means, should your position require it, we can utilise the web effectively to source.

Trust us. If the right talent is out there, we'll find it for you.

“They understand that good recruitment is about putting the right people together, which takes knowledge and skill. If the right person is out there, Chase Moulande will find them.”

Our People

Passion for solving recruitment challenges is something we recognise. We don't employ drones and we aren't all about the profit. Chase Moulande know that good service means our clients come back to us time and time again.

We like to consider ourselves professional but personable. REC qualified and trained to be effective, experienced enough to empathise and advise on your industry market, with the tools at hand to deliver the goods.

All done with a smile.

We look forward to you getting in touch.
